हामीले यी कलिला व्यक्तिहरूलाई कसरि
व्यावहारिक रूपमा In what practical
ways can we disciple and involve
young people and children with us
in this process whereby the abstract
can become a concrete reality in
their hearts about God?

It requires some kind of foundation of faith in the hearts of the kids. We need to be their friend.

As we show our acceptance and respect for them, they respond and gain in their self-worth and there comes a foundation of a knowledge of God's love for them coming through our interest in them.

Affirming some strengths that we see in them, appreciating them.

Look into God's word as to how He views children and how precious they are, affirming the scriptural view of how God sees them.

Laying foundations that they can build their faith on. [Our foundation is build upon our knowledge of God's love for us.]

**Challenge them a little bit with the
potential of what they can do**

We can not pressure them into a step of faith. They need to, out of their own free will, respond to a knowledge of God's love for them

**Made real by:
OUR love
affirmation
acceptance for them**

**Made real by:
what the scriptures say to them.**

For them to come to the end of themselves and take a step of faith it requires them to hear God's voice.

Faith comes from hearing and hearing comes from the Word of God

Summarize the Steps:

- 1) Foundation that is based upon the knowledge of God's love which is made real to them by our interest, affirmation, acceptance in them .**
- 2) Realise they need to have a free will opportunity. (In a classroom setting they can feel pressured)**
- 3) They need to hear from God for themselves (Word of Faith).**

God's main purpose is not to use children in ministry but to reveal Himself to them, to build relationship with them. He is more interested in their development than what they can produce. So they have to hear from God, a word of faith.

HEARING THE VOICE OF GOD

From the teachings of JOY DAWSON

- a) Ask God to cleanse our hearts**
- b) Silence the voice of the enemy, resist the enemy**
- c) Lay aside our own ideas, thoughts and imaginations**
- d) Yield to the Holy Spirit, invite the Holy Spirit to come and speak to us**
- e) Wait on God our Father and listen to His voice**

When you are taking risks you can really look stupid and appear to be off the wall, its not easy, and yet that risk taking is essential to them, for being able to prove God move in these ways.

Lets not look for a waterproof secure plan that can't go wrong....

Plan as much as you want to but leave room for God....

Be willing to step out of the boat and trust Him enough to back-off and to move in these simple steps.

“Lord, You did it with Samuel, David, invested in these young people, and by the time they were teenagers they were world changers. Your strategy hasn’t changed, its still the same basic plan.

Help me to embrace the cross so that my pride and insecurities are on the cross, and my focus is on the yearning of your heart to draw these young people to yourself at any cost.....

.....They may be physically less developed than we, in terms of their experience and skills etc., but we would see them as You see them and welcome them to join us as we take these practical steps by which we come to know you and are changed to your likeness.

This is your way and we look forward to being a part of it with you. In Jesus Name - Amen”
